

The National Niemann-Pick Disease Foundation Presents 2009 Vacation RAFFLE

Win a One Week Getaway Massanutten Resort

Massanutten is a first class family resort community located in the heart of Virginia's Shenandoah Valley. Within a two-hour drive from DC, families can enjoy skiing, tubing, and snow boarding during the winter months. Hiking, biking and golf are enjoyed throughout most of the year. Planned group activities for all ages of swimming, racquetball, and fitness centers in two indoor sports complexes year-round. Many exciting features like "The Pipeline" can be enjoyed at the indoor portion of the WaterPark year-round. The area is overflowing with attractions to delight history buffs, antique shoppers, and naturalist.

Proceeds will benefit the National Niemann-Pick Disease Foundation for Type C research. Dillon is a local Frederick, MD, 6 year-old boy who has a dazzling smile, fun loving personality, and spreads joy to everyone he meets. Sadly, Dillon was recently diagnosed with NPC, a rare, devastating and always fatal disease that affects only 500 children worldwide.

Without a treatment, within 5-10 yrs, Dillon will not only lose his extraordinary zest for life, his ability to walk, talk, eat (eventually requiring a feeding tube), recognize his parents, and finally the disease will rob him of his most precious gift-life.

THANK YOU for making a difference. Your support provides Dillon and the other children the greatest gift of all "The Gift of Hope" that one day they will have more than their childhood to live a lifetime....
